2.3 PERFORMANCE STANDARDS
A. State law requires that all contracts for services include performance standards for measuring the overall quality of services provided that a contractor must meet in order to avoid assessment of damages.

B. The State may be open to negotiations of performance standards prior to contract award, prior to the commencement of services, or at times throughout the contract duration. The Performance Standards table below identifies expected deliverables, performance measures, or outcomes and defines the acceptable standards.

C. The State has the right to modify, add, or delete performance standards throughout the term of the contract, should the State determine it is in its best interest to do so. Any changes or additions to performance standards will be made in good faith following acceptable industry standards and may include the input of the contractor so as to establish standards that are reasonably achievable.

D. All changes made to the performance standards will become an official part of the contract.

E. Performance standards will continue throughout the aggregate term of the contract.

F. Failure to meet the minimum performance standards as specified may result in the assessment of damages.

G. In the event a performance standard is not met, the contractor will have the opportunity to defend or respond to the insufficiency. The State has the right to waive damages if it determines there were extenuating factors beyond the control of the contractor that hindered the performance of services. In these instances, the State has final determination of the performance acceptability.
H. Should any compensation be owed to the State agency due to the assessment of damages, contractor **shall** follow the direction of the State agency regarding the required compensation process.

SECTION 3 – CRITERIA FOR SELECTION

- Do not provide responses to items in this section.

3.1 TECHNICAL PROPOSAL SCORE

A. ADH will review each Technical Proposal Packet to verify submission requirements have been met. Technical Proposals Packets that do not meet submission requirements will be disqualified and will not be evaluated.

B. An agency-appointed evaluation committee will evaluate and score qualifying proposals. Evaluation will be based on the prospective contractor’s response to the Information for Evaluation section included in the Technical Proposal Packet.

1. Members of the evaluation committee will individually review and evaluate proposals and complete an individual score worksheet for each proposal. Individual scoring for each Evaluation Criteria will be based on the following scoring description.

<table>
<thead>
<tr>
<th>Quality Rating</th>
<th>Quality of Response</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>Excellent</td>
<td>When considered in relation to the RFP evaluation factor, the proposal squarely meets the requirement and exhibits outstanding knowledge, creativity, ability or other exceptional characteristics. Extremely good.</td>
</tr>
<tr>
<td>4</td>
<td>Good</td>
<td>When considered in relation to the RFP evaluation factor, the proposal squarely meets the requirement and is better than merely acceptable.</td>
</tr>
<tr>
<td>3</td>
<td>Acceptable</td>
<td>When considered in relation to the RFP evaluation factor, the proposal is of acceptable quality.</td>
</tr>
<tr>
<td>2</td>

<td>When considered in relation to the RFP evaluation factor, the proposal’s acceptability is doubtful.</td>
</tr>
<tr>

<td>Poor</td>
<td>When considered in relation to the RFP evaluation factor, the proposal is inferior.</td>
</tr>
<tr>
<td>0</td>
<td>Unacceptable</td>
<td>When considered in relation to the RFP evaluation factor, the proposal clearly does not meet the requirement, either because it was left blank or because the proposal is unresponsive.</td>
</tr>
</tbody>
</table>

2. After initial individual evaluations are complete, the evaluation committee members will meet to discuss their individual ratings. At this consensus scoring meeting, each member will be afforded an opportunity to discuss his or her rating for each evaluation criteria.

3. After committee members have had an opportunity to discuss their individual scores with the committee, the individual committee members will be given the opportunity to change their initial individual scores, if they feel that is appropriate.

4. The final individual scores of the evaluators will be recorded on the Consensus Score Sheets and averaged to determine the group or consensus score for each proposal.

5. Other agencies, consultants, and experts may also examine documents at the discretion of the agency.
C. The Information for Evaluation section has been divided into sub-sections.

1. In each sub-section, items/questions have each been assigned a maximum point value of five (5) points. The total point value for each sub-section is reflected in the table below as the Maximum Raw Score Possible.

2. The agency has assigned weighted percentages to each sub-section according to its significance.

Total Technical Score: 185

*Sub-Section’s Percentage Weight x Total Weighted Score = Maximum Weighted Score Possible for the sub-section.

D. The proposal’s weighted score for each sub-section will be determined using the following formula:

\[(A/B) \times C = D\]

A = Actual Raw Points received for sub-section in evaluation  
B = Maximum Raw Points possible for sub-section  
C = Maximum Weighted Score possible for sub-section  
D = Weighted Score received for sub-section

E. The proposal’s weighted scores for sub-sections will be added to determine the Total Technical Score for the proposal.

F. Technical Proposals that do not receive a minimum weighted score/subtotal of 95 may not move forward in the solicitation process. The pricing for proposals which do not move forward will not be scored.

3.2 COST SCORE

A. When pricing is opened for scoring, the maximum amount of cost points will be given to the proposal with the lowest total project cost as shown on the Official Bid Price Sheet. (See Grand Total Score for maximum points possible for cost score).

B. The amount of cost points given to the remaining proposals will be allocated by using the following formula:

\[(A/B) \times (C) = D\]

A = Lowest Total Cost  
B = Second (third, fourth, etc.) Lowest Total Cost  
C = Maximum Points for Lowest Total Cost  
D = Total Cost Points Received
3.3 **GRAND TOTAL SCORE**

The Technical Score and Cost Score will be added together to determine the Grand Total Score for the proposal. The prospective contractor’s proposal with the highest Grand Total Score will be selected as the apparent successful Contractor (See Award Process).

11. **TAXES AND TRADE DISCOUNTS:** Do not include State or local sales taxes in the bid price. Trade discounts should be deducted from the unit price and the net price should be shown in the bid.

12. **AWARD:** Term Contract: A contract award will be issued to the successful contractor. It results in a binding obligation without further action by either party. This award does not authorize shipment. Shipment is authorized by the receipt of a purchase order from the ordering agency. Firm Contract: A written State purchase order authorizing shipment will be furnished to the successful contractor.

13. **DELIVERY ON FIRM CONTRACTS:** This solicitation shows the number of days to place a commodity in the ordering agency's designated location under normal conditions. If the contractor cannot meet the stated delivery, alternate delivery schedules may become a factor in an award. The Arkansas Department of Health shall have the right to extend delivery if reasons appear valid. If the date is not acceptable, the agency may buy elsewhere, and any additional cost shall be borne by the contractor.

14. **DELIVERY REQUIREMENTS:** No substitutions or cancellations are permitted without written approval of the Arkansas Department of Health. Delivery shall be made during agency work hours only 8:00 a.m. to 4:30 p.m. Central Time, unless prior approval for other delivery has been obtained from the agency. Packing memoranda shall be enclosed with each shipment.

15. **STORAGE:** The ordering agency is responsible for storage if the contractor delivers within the time required and the agency cannot accept delivery.

16. **DEFAULT:** All commodities furnished shall be subject to inspection and acceptance of the ordering agency after delivery. Back orders, default in promised delivery, or failure to meet specifications shall authorize the Arkansas Department of Health to cancel this contract or any portion of it and reasonably purchase commodities elsewhere and charge full increase, if any, in cost and handling to the defaulting contractor. The contractor must give written notice to the Arkansas Department of Health and ordering agency of the reason and the expected delivery date. Consistent failure to meet delivery without a valid reason may cause removal from the contractors list or suspension of eligibility for award.

17. **VARIATION IN QUANTITY:** The State assumes no liability for commodities produced, processed or shipped in excess of the amount specified on the agency's purchase order.

18. **INVOICING:** The Contractor shall be paid upon the completion of all of the following: (1) submission of an original and the specified number of copies of a properly itemized invoice showing the bid and purchase order numbers, where itemized in the bid solicitation, (2) delivery and acceptance of the commodities and (3) proper and legal processing of the invoice by all necessary State agencies. Invoices must be sent to the "Invoice To" point shown on the purchase order.

19. **STATE PROPERTY:** Any specifications, drawings, technical information, dies, cuts, negatives, positives, data or any other commodity furnished to the contractor hereunder or in contemplation hereof or developed by the contractor for use hereunder shall remain property of the State, shall be kept confidential, shall be used only as expressly authorized, and shall be returned at the contractor's expense to the F.O.B. point provided by the agency or by ADH. Contractor shall properly identify items being returned.

20. **PATENTS OR COPYRIGHTS:** The contractor must agree to indemnify and hold the State harmless from all claims, damages and costs including attorneys' fees, arising from infringement of patents or copyrights.

21. **ASSIGNMENT:** Any contract entered into pursuant to this solicitation shall not be assignable nor the duties thereunder delegable by either party without the written consent of the other party of the contract.

22. **CLAIMS:** Any claims the contractor may assert under this Agreement shall be brought before the Arkansas State Claims Commission ("Commission"), which shall have exclusive jurisdiction over any and all claims that the contractor may have arisen from or in connection with this Agreement. Unless the contractor’s obligations to perform are terminated by the State, the contractor shall continue to provide the services under this agreement even in the event that the contractor has a claim pending before the Commission.

23. **CANCELLATION:** In the event, the State no longer needs the commodities or services specified for any reason, (e.g., program changes; changes in laws, rules or regulations; relocation of offices; lack of appropriated funding, etc.), the State shall have the right to cancel the contract or purchase order by giving the contractor written notice of such cancellation thirty (30) days prior to the date of cancellation.

   Any delivered but unpaid for goods will be returned in normal condition to the Contractor by the State. If the State is unable to return the commodities in normal condition and there are no funds legally available to pay for the goods, the contractor may file a claim with the Arkansas Claims Commission under the laws and regulations governing the filing of such claims. If upon cancellation the contractor has provided services which the State has accepted, the contractor may file a claim. **NOTHING IN THIS CONTRACT SHALL BE DEEMED A WAIVER OF THE STATE'S RIGHT TO SOVEREIGN IMMUNITY.**

24. **DISCRIMINATION:** In order to comply with the provision of Act 954 of 1977, relating to unfair employment practices, the Contractor agrees that: (a) the contractor shall not discriminate against any employee or applicant for employment because of race, sex, color, age, religion, handicap, or national origin; (b) in all solicitations or advertisements for employees, the Contractor shall state that all qualified applicants shall receive consideration without regard to race, color, sex, age, religion, handicap, or national origin; (c) the Contractor will furnish such relevant information and reports as requested by the Human Resources Commission for the purpose of determining compliance with the statute; (d) failure of the contractor to comply with the statute, the rules and regulations promulgated thereunder and this nondiscrimination clause shall be deemed a breach of contract and it may be cancelled, terminated or suspended in whole or in part; (e) the contractor shall include the provisions of above items (a) through (d) in every subcontract so that such provisions shall be binding upon such subcontractor or Contractor.
25. ETHICAL STANDARDS: Pursuant to Aransas Code Annotated §19-11-708(a-c), it shall be breach of ethical standards for a person to be retained, or to retain a person, to solicit or secure a state contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except for retention of bona fide employees or bona fide established commercial selling agencies maintained by the contractor for the purpose of securing business.

26. ANTITRUST ASSIGNMENT: As part of the consideration for entering into any contract pursuant to this solicitation, the contractor named on the Proposal Signature Page for this solicitation, acting herein by the authorized individual or its duly authorized agent, hereby assigns, sells and transfers to the State of Arkansas all rights, title and interest in and to all causes of action it may have under the antitrust laws of the United States or this State for price fixing, which causes of action have accrued prior to the date of this assignment and which relate solely to the particular goods or services purchased or produced by this State pursuant to this contract.

27. DISCLOSURE: Failure to make any disclosure required by Governor's Executive Order 98-04, or any violation of any rule, regulation, or policy adopted pursuant to that order, shall be a material breach of the terms of this contract. Any contractor, whether an individual or entity, who fails to make the required disclosure or who violates any rule, regulation, or policy shall be subject to all legal remedies available to the agency.
