Legislative Update Chuck Thompson

Occupational licensure rules update.

Language added to military licensure.

Act 990, criminal licensing is now updated. Some applicants are not permanently barred from licensure, but have to have a waiver and go through a process. Licensure is given on a case by case basis. If applicant is in school at the time original Act 990 went into effect, applicant is grandfathered in.

Act 900 update - 2 members added to CTAC: permanent cosmetics, and body art. This goes into effect when rules are finished.

May need to call special CTAC meeting to review the rules.

Act 724 - Curriculum - may need to be a discussion if the act allows virtual learning.

Act 957 - Requires a registration for 'hair stylist' category, but category is limited to certain tasks, and has to be supervised.

Program Update - Kelli Kersey

Now have a new boss, Alex Hooper introduced.

There already was a body art section under Environmental Health, but it was moved to CTAC.

There will be new body art rules.

Going forward, all Arkansas state agency rules will be in the same format.

When members get a copy of the new rules, they cannot talk amongst each other, questions should be directed to Kelli Kersey.

Public Comment None
