RULES FOR PRIVATE CARE AGENCIES IN ARKANSAS

SECTION 1. PREFACE

These rules have been prepared for the purpose of establishing a criterion for minimum standards for the licensure of private care agencies providing Medicaid Personal Care in Arkansas. By necessity they are of a regulatory nature but are considered to be practical minimal design and operational standards for these agencies. These standards are not static and are subject to periodic revisions in the future as new knowledge and changes in home care become apparent. However, it is expected that agencies will exceed these minimum requirements and that they will not be dependent upon future revisions in these standards as a necessary prerequisite for improved services. Each private care agency has a strong moral responsibility for providing optimum home care and services for the clients it serves.
