

ARKANSAS DEPARTMENT OF HEALTH HOMELESS SHELTER AND ENCAMPMENTS OUTREACH

OUR AIM

The Homeless Shelter and Encampment Outreach initiative provides support to address the health and wellness needs of unsheltered individuals. Through partnerships and collaborations with faith-based and community organizations, we leverage resources to mitigate the unmet health needs of those persons experiencing homelessness.

OUR OUTREACH

- We support the mission of the ADH by increasing accessibility to health and wellness resources and opportunities for persons experiencing homelessness.
- We partner and collaborate with community leaders to implement responsive and effective outreach approaches for persons experiencing homelessness.
- We assist in coordinating on site and mobile health screenings.
- We partner and collaborate with local agencies, community groups, and faith-based organizations to provide toolkits and other resources.
- We actively participate in coalitions, committees, and faith networks to stay abreast of the various aspects of homelessness for continued outreach and engagement.
- We provide literature, data, and resource information to stakeholders.
