

LCSW Supervision Guidelines (Effective July 1, 2020)

Supervision for LCSW licensure begins with Supervision Plan. Arkansas Social Work Licensing Board Rules, VI. Supervision: B. 1.-5. And C.

In order to provide supervision, an LCSW or social worker who the Board determines to have the qualifications equivalent of those required of an LCSW must be fully licensed for a minimum of three (3) years. While not a current requirement, we **strongly suggest** you take a supervision course before you supervise and LMSW.

A very helpful publication on Social Work Supervision published by NASW and ASWB is available at: <https://www.socialworkers.org/LinkClick.aspx?fileticket=GBrLb4Buwl%3D&portalid=0> LCSW's who will be providing supervision are *highly encouraged* to read this information.

The supervisee, PLMSW or LMSW, must be currently employed in a licensed master's level clinical position for the supervision to be applied. These positions generally require an LMSW.

The LCSW supervisor and the supervisee must agree upon a supervision plan. The Supervision Plan must be submitted to the Board **within 60-days** from the beginning date of the supervision.

The Supervision Plan requires the supervisee to have direct contact with the supervisor at least one (1) hour per week. Group supervision is acceptable. The group cannot have more than four (4) supervisees participating in the group. Group supervision cannot make up more than one half of the total supervision hours.

It is the responsibility of the PLMSW or LMSW to make sure the Supervision Plan is submitted to the Board within the 60-day time frame. Emailed forms will be acknowledged. Mailed or faxed forms will not be acknowledged and the PLMSW or LMSW is responsible for following up to make sure it was received.

A **New** Supervision Plan must be submitted any time there is:

- A change in the Supervisees employment, or
- A change in Supervisor or the Supervisors Employment

BOTH situations call for a **Supervision Evaluation** to be completed for the previous employment time or the previous supervisory time.

An **Updated** Supervision Plan must be submitted any time: (the 60-days applies to the update as well)

- Your job title/duties change,
- Your supervision goals change

If you will not be supervised for more than a two-week period, such as medical or maternity leave or summer break for a school social worker, we recommend that a Supervision Evaluation Form is completed. When you return to work you will need to submit a new Supervision Plan. This process accounts for the break in time. If you are not working, you cannot count those hours as hours worked and should not be getting supervision during that time period when you are not working. These guidelines are put in place to protect the supervisee by providing documentation for supervision hours should any questions arise that may put the supervisee in jeopardy of losing supervision hours.

When a LMSW applies for the LCSW license, the Board is looking for a required total of 24 full months of supervision under an LCSW and at minimum of 4,000 hours worked in a master's level, clinical social work position while under the LCSW supervision. There should be at least 100 direct supervision hours. These totals are determined by the Evaluation Form(s) submitted.

THE SUPERVISION PLAN

Points to Consider When Writing Supervision Goals:

1. Supervision Goals are intended to reflect what the supervisee and their supervisor plan to accomplish/learn within the one (1) hour a week supervision.
2. Supervision is a collaboration between the supervisor and the supervisee, not other staff members. How are you and your supervisor going to work together to make sure you are ready to practice independently?
3. Supervision is intended to be what the supervisee wants to learn from the supervisor. Think of this as a direction the goals need to be written.
4. Supervision goals can be the supervisee's own personal/professional goals. But the supervisor needs to be included in those goals. For example, I will learn and/or discuss three (3) treatment modalities with the supervisor during the supervision hour. These can include case studies, progress notes and conversations with the client.
5. The supervisor's responsibility is to teach and guide the supervisee on area's the supervisee wants to further develop. Their relationship is to prepare the supervisee to one day practice independently. Goals need to reflect this concept.

Content and Accountability:

- a. The LCSW supervisor is responsible for supervision within the following content areas:
 1. Ethical practice
 2. Practice management skills
 3. Skills required for continuing competence
 4. Development of professional identity
 5. Practice skills
- b. The areas of supervisory accountability shall include:
 1. Ethical standards of the practice
 2. Acceptance of professional responsibility for the social work services provided by the supervisee
 3. Client care
 4. Agency providing services
 5. Legal and regulatory requirements

Requirement for Writing Supervision Goals:

Supervision Goals should be written in sentence form.

1. Specific – Clearly stated goals which the supervisee needs to accomplish.
 - a. What exactly needs to be accomplished?
 - b. Who will be involved?
 - c. Where will this take place?
 - d. Educational purpose of achieving the goal.
2. Measurable – The goals must be measurable.
 - a. How will you know when the supervisee has succeeded in accomplishing the goal?
 - b. How much change needs to occur?
 - c. How many actions will it take to accomplish?
 - d. Case studies, progress notes, conversations, the successful implementation of treatment plans and client outcomes can be used to measure goals.

3. Achievable and Realistic.
 - a. Does the supervisee have the resources to achieve the goal?
 - b. Is the goal out of reach or too easy for the supervisee?
4. Relevant – The goal must be relevant to Social Work practice.
 - a. Is the goal meaningful to the profession?
 - b. Is this a goal the supervisor can commit to?
5. Time Frame – Clearly state when the goal will be met.
 - a. Can the goal be realistically met within the time frame stated?
 - b. Is the deadline for the goal too long? Too short?

Please note: Studying for and passing the exam is not a goal for supervision. It is a requirement of licensure at the LCSW level. Weekly staff meetings do not qualify. Obtaining Continuing Education hours is not a goal for Supervision, it is a requirement for renewal. Goals should not be job duties.

LCSW Supervision Evaluation Form

Upon termination of the supervision plan, the LCSW supervisor must complete the LCSW Supervision Evaluation Form with the supervisee. The supervisee and the supervisor must sign the Form.
