Code Ann. §§ 25-15-208 and 25-15-213, and unless otherwise provided by law, the applicant has the burden of establishing entitlement to the license.

SECTION XIV. DISCIPLINARY PROCEDURES

A. Complaint

1. The Board is authorized to receive complaints against licensees or applicants from any person. Signed complaints must be submitted in writing to the Board's office. A complaint form may be obtained from the Board's office.
2. The Board may on its own motion, in the absence of a written complaint, conduct an investigation of a suspected violation if reasonable cause exists to believe a violation has occurred.

B. Investigation

1. The Board shall investigate a complaint if the complaint states prima facie violations of the Dietetics Practice Act or Board rules. The Board Chairman will appoint one or more board members to investigate the complaint.
2. A copy of the complaint will be sent certified mail to the party complained against. The party complained against shall submit a written response to the complaint within a reasonable time as provided by the Board's instructions.
3. The Board investigator(s) will review the response to the complaint. Further investigation will be conducted if deemed appropriate.
4. Upon completion of the investigation and upon the recommendation of the Board investigator(s), the Board will determine whether to conduct a hearing, dismiss the complaint, or take other appropriate action. All interested parties will be notified of the Board's instruction.
5. When appropriate, informal hearing procedures may be used to attempt to resolve complaints in lieu of an administrative hearing.

C. Suspension, Revocation, or Other Sanctions

1. Prior to the entry of a final order to suspend, revoke, or to impose other sanctions upon a licensee, the agency will serve the licensee a notice of hearing in the manner set out in Ark. Code Ann. § 25-15-208 and Section XIV.
2. The Board has the burden of proving the alleged facts and violations of law stated in the notice.

SECTION XV. ADMINISTRATIVE HEARING

- A. Scope of this Section - This section applies in all administrative adjudications conducted by the Board. This rule describes the process by which the Board formulates orders (for example, an order revoking a license to practice, or imposing civil penalties).
- B. Presiding Officer - The Board shall preside at the hearing or may designate one or more members of the Board or one or more examiners, referees, or hearing officers to preside at a hearing.
- C. Appearances
 1. Any party appearing in any agency proceeding has the right, at his or her own expense, to be represented by counsel. Alternatively, the respondent may appear on his or her own behalf.
 2. Any attorney representing a party to an adjudicatory proceeding must file notice of appearance as soon as possible.
 3. Service on counsel of record is the equivalent of service on the party represented.
 4. On written motion served on the party represented and all other parties of record, the presiding officer may grant counsel of record leave to withdraw for good cause shown.
- D. Consolidation - If there are separate matters that involve similar issues of law or fact, or identical parties, the matters may be consolidated if it appears that consolidation would promote the just, speedy, and inexpensive resolution of the proceedings, and would not unduly prejudice the rights of a party.
- E. Notice to Interested Parties - If it appears that the determination of the rights of parties in a proceeding will necessarily involve a determination of the substantial interests of persons who are not parties, the presiding officer may enter an order requiring that an

absent person be notified of the proceeding and be given an opportunity to be joined as a party of record.

F. Service of Papers - Unless the presiding officer otherwise orders, every pleading and every other paper filed for the proceeding, except applications for witness subpoenas and the subpoenas, shall be served on each party or the party's representative at the last address of record.

G. Initiation & Notice of Hearing

1. An administrative adjudication is initiated when the agency issues a notice of hearing.
2. The notice of hearing will be sent to the respondent by U.S. Mail, return receipt requested, delivery restricted to the named recipient or his agent. Notice shall be sufficient when it is so mailed to the respondent's latest address on file with the agency.
3. Notice will be mailed at least twenty (20) days before the scheduled hearing.
4. The notice will include:
 - a. Statement of the time, place, and nature of the hearing;
 - b. A statement of the legal authority and jurisdiction under which the hearing is to be held; and
 - c. A short and plain statement of the matters of fact and law asserted.

H. Motions – All requests for relief will be by motion. Motions must be in writing or made on the record during a hearing. A motion must fully state the action requested and the grounds relied upon. The original written motion will be filed with the agency. When time allows, the other parties may, within seven (7) days of the service of the written motion, file a response in opposition. The presiding officer may conduct such proceedings and enter such orders as are deemed necessary to address issues raised by the motion. However, a presiding officer, other than the Board will not enter a dispositive order unless expressly authorized in writing to do so.

I. Answer – A respondent may file an answer to the notice of hearing.

J. Information Provided upon Request

1. Upon written request, the Board will provide the information designated in Ark. Code Ann. § 25-15-208(a)(3).

2. Such requests should be received by the Board at least 10 days before the scheduled hearing.

K. Continuances

1. The Board may grant a continuance of hearing for good cause shown. Requests for continuances will be made in writing. The request must state the grounds to be considered and be made as soon as practicable and, except in cases of emergencies, no later than five (5) days prior to the date noticed for the hearing.

In determining whether to grant a continuance, the Board may consider:

- a. Prior continuances;
 - b. The interests of all parties;
 - c. The likelihood of informal settlements;
 - d. The existence of an emergency;
 - e. Any objection;
 - f. Any applicable time requirement;
 - g. The existence of a conflict of the schedules of counsel, parties, or witnesses;
 - h. The time limits of the request; and
 - i. Other relevant factors.
2. The Board may require documentation of any grounds for continuance.

L. Hearing Procedures

1. The presiding officer presides at the hearing and may rule on motions, require briefs, and issue such orders as will ensure the orderly conduct of the proceedings; provided, however, any presiding officer other than the Board shall not enter a dispositive order or proposed decision unless expressly authorized in writing to do so.
2. All objections must be made in a timely manner and stated on the record.
3. Parties have the right to participate or to be represented by counsel in all hearings or pre-hearing conferences related to their case.
4. Subject to terms and conditions prescribed by the Administrative Procedure Act, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses as necessary for a full and true disclosure of the facts, present

evidence in rebuttal, and, upon request by the agency, may submit briefs and engage in oral argument.

5. The presiding officer is charged with maintaining the decorum of the hearing and may refuse to admit, or may expel, anyone whose conduct is disorderly.

M. Order of Proceedings

The presiding officer will conduct the hearing in the following manner:

1. The presiding officer will give an opening statement, briefly describing the nature of the proceedings.
2. The parties will be given the opportunity to present opening statements.
3. The parties will be allowed to present their cases in the sequence determined by the presiding officer.
4. Each witness must be sworn or affirmed by the presiding officer and be subject to examination and cross-examination as well as questioning by the Board. The presiding officer may limit questioning in a manner consistent with the law.
5. When all parties and witnesses have been heard, parties will be given the opportunity to present final arguments.

N. Evidence

1. The presiding officer shall rule on the admissibility of evidence and may, when appropriate, take official notice of facts in accordance with all applicable requirements of law.
2. Stipulation of facts is encouraged. The agency may make a decision based on stipulated facts.
3. Evidence in the proceeding must be confined to the issues set forth in the hearing notice, unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence outside the scope of the notice, over the objection of a party who did not have actual notice of those issues, that party, upon timely request, may receive a continuance sufficient to prepare for the additional issue and to permit amendment of pleadings.
4. A party seeking admission of an exhibit must provide ten (10) copies of each exhibit at the hearing. The presiding officer must provide the opposing parties

with an opportunity to examine the exhibit prior to the ruling on its admissibility. All exhibits admitted into evidence must be appropriately marked and be made part of the record.

5. Any party may object to specific evidence or may request limits on the scope of the examination or cross-examination. A brief statement of the grounds upon which it is based shall accompany such an objection. The objection, the ruling on the objection, and the reasons for the ruling will be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve the ruling until the written decision.
 6. Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony will briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.
 7. Irrelevant, immaterial, and unduly repetitive evidence will be excluded. Any other oral or documentary evidence, not privileged, may be received if it is of a type commonly relied upon by reasonably prudent men and women in the conduct of their affairs.
 8. The finder of fact may base its findings of fact upon reasonable inferences derived from other evidence received.
- O. Default – If a party fails to appear or participate in an administrative adjudication after proper service of notice, the agency may proceed with the hearing and render a decision in the absence of the party.
- P. Recording the Proceedings – The Board will record the testimony heard at a hearing. Upon the filing of a petition for judicial review, the Board will provide a verbatim transcript of testimony taken before the agency.
- Q. Factors to be Considered in Imposing Sanctions – In addition to any other considerations permitted by the Dietetics Practice Act, if applicable, the Board in imposing any sanction may consider the following:

1. The nature and degree of the misconduct for which the licensee is being sanctioned.
2. The seriousness and circumstances surrounding this misconduct.
3. The loss or damage to clients or others.
4. The assurance that those who seek similar professional services in the future will be protected from the type of misconduct found.
5. The profit to the licensee.
6. The avoidance of repetition.
7. Whether the conduct was deliberate, intentional, or negligent.
8. The deterrent effect on others.
9. The conduct of the individual during the course of the disciplinary proceeding.
10. The professional's prior disciplinary record, including warnings.
11. Matters offered by the professional in mitigation or extenuation, except that a claim of disability or impairment resulting from the use of alcohol or drugs may not be considered unless the professional demonstrates that he or she is successfully pursuing in good faith a program of recovery.

R. Final Order

1. The Board will serve on the respondent a written order that reflects the action taken by the Board. The order will include a recitation of facts found based on testimony and other evidence presented and reasonable inferences derived from the evidence pertinent to the issues of the case. It will also state conclusions of law and directives or other disposition entered against or in favor of the respondent.
2. The order will be served personally or by mail on the respondent. If counsel represents respondent, service of the order on respondent's counsel shall be deemed service on the respondent.

SECTION XVI. DECLARATORY ORDERS

A. Purpose and Use of Declaratory Orders

1. A declaratory order is a means of resolving a controversy or answering questions or doubts concerning the applicability of statutory provisions, rules, or orders over which the Board has authority.
2. A petition for declaratory order may be used only to resolve questions or doubts as to how the statutes, rules, or orders may apply to the petitioner's particular circumstances.
3. A declaratory order is not the appropriate means for determining the conduct of another person or for obtaining a policy statement of general applicability from the Board.
4. A petition or declaratory order must describe the potential impact of statutes, rules, or orders upon the petitioner's interests.

B. The Petition – The process to obtain a declaratory order is begun by filing with the Board's office a petition that provides the following information:

1. The name, address, telephone number, and facsimile number of the petitioner;
2. The name, address, telephone number, and facsimile number of the attorney of the petitioner;
3. The statutory provision(s), agency rule(s), or agency order(s) on which the declaratory order is sought;
4. A description of how the statutes, rules, or orders may substantially affect the petitioner and the petitioner's particular set of circumstances, and the question or issue on which petitioner seeks a declaratory order;
5. The signature of the petitioner or petitioner's attorney;
6. The date; and
7. Request for a hearing, if desired.

C. Board Disposition

1. The Board may hold a hearing to consider a petition for declaratory order. If a hearing is held, it shall be conducted in accordance with Ark. Code Ann. § 25-15-208 and § 25-15-213, and the Board's rules for adjudicatory hearings.

2. The Board may rely on the statements of fact set out in the petition without taking any position with regard to the validity of the facts. Within ninety (90) days of the filing of the petition, the Board will render a final order denying the petition or issuing a declaratory order.

5. “Telemedicine” means the use of electronic information and communication technology to deliver healthcare services, including without limitation the assessment, diagnosis, consultation, treatment, education, care management, and self-management of a patient. Telemedicine includes store-and-forward technology and remote patient monitoring. Ark. Code Ann. § 17-80-402(7).

- B. Establishing a Licensed Dietitian/Client Relationship – A licensed dietitian/client relationship must be established in accordance with Ark. Code Ann. §§ 17-80-402 & 403 and Section VII before the delivery of services via telemedicine. A client’s completing a nutrition history online and forwarding it to a licensed dietitian is not sufficient to**

establish the relationship, nor does it qualify as store-and-forward technology. A licensed dietitian exhibits gross negligence if he or she provides and/or recommends any form of treatment via telemedicine without first establishing a proper licensed dietitian/client relationship.

C. Minimum Requirements for Licensed Dietitian/Client Relationship – For purposes of this regulation, a proper licensed dietitian/client relationship, at a minimum requires that:

2. The licensed dietitian performs a face to face nutrition history using real time audio and visual telemedicine technology that provides information at least equal to such information as would have been obtained by an in-person nutrition history, OR
3. The licensed dietitian knows the client and the client’s general nutrition issues through a previously established professional relationship; AND
4. Appropriate follow-up be provided or arranged, when necessary.

D. When a Licensed Dietitian/Client Relationship is Deemed to Exist – For the purposes of this regulation, a proper licensed dietitian/client relationship is deemed to exist in the following situations:

1. When treatment is provided in consultation with, or upon referral by, another provider or treatment team who has an ongoing relationship with the client, and who has agreed to supervise the client’s treatment, including follow up care.
2. On-call or cross-coverage situations arranged by the client’s treating provider or treatment team.

E. Exceptions – Recognizing a licensed dietitian’s duty to adhere to the applicable standard of care and to comply with mandatory reporting laws, the following situations are excluded from the requirement of this regulation by Ark. Code Ann. § 17-80-403(a)(2):

1. Emergency situations where the life or health of the client is in danger or imminent danger.
2. Simply providing information of a generic nature, not meant to be specific to an individual client.

- F. Professional Relationship Exceptions – Under Ark. Code Ann. § 17-80-403(c), “Professional relationship” does not include a relationship between a licensed dietitian and a client established only by the following:
1. An internet questionnaire;
 2. An email message;
 3. Patient-generated medical history;
 4. Text messaging;
 5. A facsimile machine; or

- G. Requirements for Services Provided VIA Telemedicine – The following requirements apply to all services provided by licensed dietitians using telemedicine.
1. The practice of dietetics via telemedicine shall be held to the same standards of care as traditional in-person encounters.
 2. The licensed dietitian must obtain a detailed explanation of the client’s medical diagnosis from the client or the client’s treating provider or treatment team in order to individualize the nutrition interventions.
 3. If a decision is made to provide treatment (medical nutrition therapy), the licensed dietitian must agree to accept responsibility for the(nutrition) care of the client.
 4. If follow-up care is indicated, the licensed dietitian must agree to provide or arrange for such follow-up care.
 5. The licensed dietitian must keep a documented treatment record, including, but not limited to nutrition history, interventions, and outcomes.
 6. At the client’s request, the licensed dietitian must make available to the client an electronic or hardcopy version of the client’s treatment record documenting the encounter. Additionally, unless the client declines to consent, the licensed dietitian must forward a copy of the record of the encounter to the client’s regular treating provider or treatment team if that provider or treatment team is not the same licensed dietitian delivering the service via telemedicine.
 7. Services must be delivered in a transparent manner, including providing access to information identifying the licensed dietitian’s licensure and other relevant

certifications, as well as client financial responsibilities, in advance of the encounter.

8. If the client, at the recommendation of the licensed dietitian, needs to be seen in person, the licensed dietitian must arrange to see the client in person or direct the client to their regular treating provider or treatment team or other appropriate provider if the client does not have a treating provider or treatment team. Such recommendation shall be documented in the client's treatment record.
 9. Licensed dietitians who deliver services through telemedicine must establish protocols for referrals for emergency services.
- H. Scope of Practice – Licensed dietitians may practice dietetics via telemedicine within the definitions found in Section V.
- I. Confidentiality – Licensed dietitians who use technology to facilitate supervision, consultation, or other confidential meetings shall use appropriate precautions to protect the confidentiality of those communications.
