PREFACE

This report is based on information obtained by licensing boards during the 2017 license renewal process. Copies of practitioner responses to questions on license renewal applications were provided to the Arkansas Department of Health (ADH) Statistics Branch by the licensing boards. Because the data were collected by several boards using questionnaires designed to meet the licensing requirements of the individual professions, a certain consistency of format and content, desirable for manpower measurement, is missing from the data. Various items of demographic data, e.g., ethnic origin and gender, are obtained by some, but not all, of the boards. Information relating to a practitioner's location- address, city, county, state, etc.- meets the licensing board's need to communicate with the practitioner by mail and may or may not identify the site(s) where health related services are actually performed.

The report includes tables, maps and graphs representing health professions manpower distribution and demographics in Arkansas counties. The 2010 Census from the U.S. Census Bureau, Population Division, was used in the computation of population ratios throughout this report.

Health Professionals in Arkansas

In 2017, there were 85,779 licensed health professionals with Arkansas mailing addresses serving 3 million Arkansans, a population ratio of 285.5 professionals for every 10,000 population living in the State. There were 17 professions administered by 13 boards. The largest registration was by the Arkansas State Board of Nursing with 51,832 licensees, followed by the Arkansas State Medical Board with 11,061 licensees. The smallest registration was by the Arkansas Board of Podiatric Medicine with 86 licensees. As a group, health professionals were distributed fairly evenly across the counties with a heavier concentration in counties with larger populations.

As a reminder from the introduction earlier, the board licensed 4,287 health professionals as Health Related Professionals, this total includes 1,787 Respiratory Therapists (LRCP), 1,430 Occupational Therapists (OT), 679 Occupational Therapy Assistants (OT-A), 380 Physician Assistants (PA), 7 Radiologists (RA) and 4 Radiology Assistants (RPA).

The following graphs show the health related professionals based on five Arkansas regions: Central, Northeast, Northwest, Southeast, and Southwest. The Central region accounted for approximately 40% of the health related professionals in the state.

Health Related Professionals by Specialty

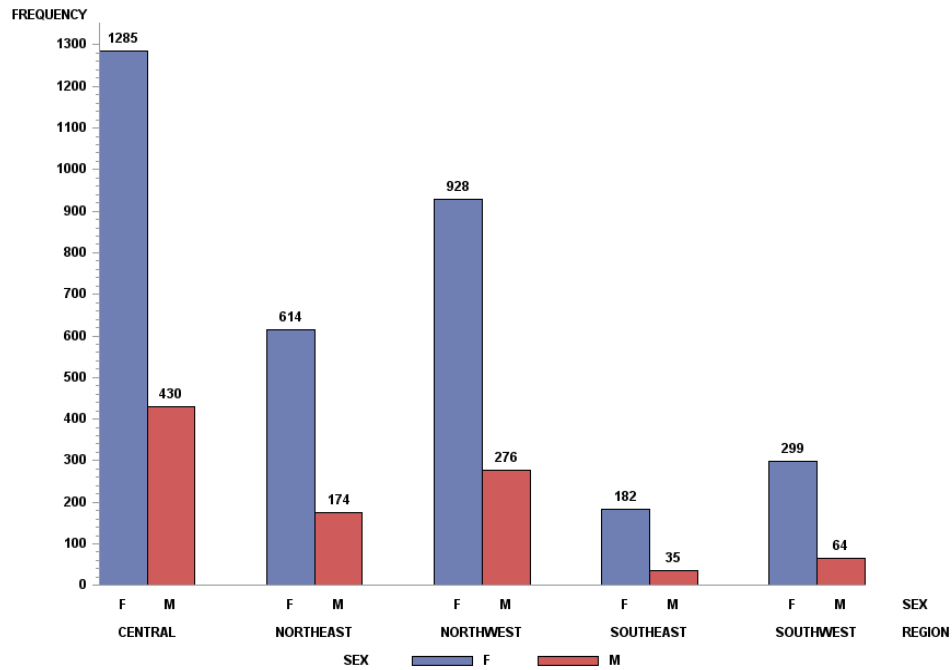

Health Related Professionals by Region and Specialty

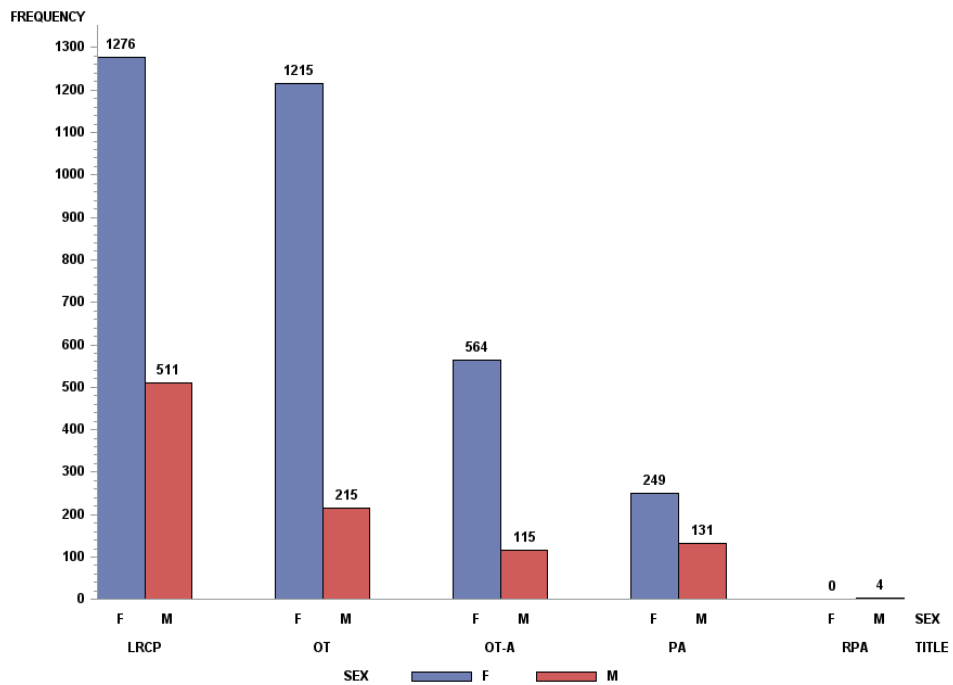

*See Page 40 for explanation of abbreviations

The gender distribution of licensed health related professionals is heavily skewed for females (77%), with only 23% of licensed health related professionals being males.

The next graph displays gender demographics among health related professionals by specialty. The data indicate that, with the exception Physician Assistants (PA) and Radiology Assistants (RPA) the health related professionals are disproportionately female.

The following table shows the age distribution of health related professionals.

Nurses in Arkansas

In 2017, the Nursing Board licensed 51,832 nurses with mailing addresses in Arkansas, about 172.5 per 10,000 population. This total includes 34,548 Registered Nurses (RN), 13,505 Licensed Practical Nurses (LPN), 67 Licensed Psychiatric Technician Nurses (LPTN), and 328 Registered Nurse Practitioners (RNP). There were 3,384 nurses registered as Advanced Practice Nurses (APN).

These 51,832 nurses had a total of 56,426 licenses but for the purposes of this report we used the following hierarchy to take the highest of the five license types: LPN < LPTN < RN < RNP < APN. The APNs consist of four different licenses but will be grouped together for the majority of this section. They will be broken down into individual licenses later in the section. The number of licensed nurses for the state increased 1.5% from 2016 to 2017.

After completing basic nursing programs, RN and LPN must pass nationally standardized examinations. LPTN must have passed a state licensure exam. RNP have completed a nurse practitioner program in addition to their RN program. To be licensed as an APN, an RN must complete an advanced practice nursing program and hold certification from a Board approved, nationally recognized, certifying body.

At this point in the section, we will look at the Advanced Practice Nurse group and break it down into the individual license types. The four licenses in this category are: Certified Nurse Midwife (CNM), Clinical Nurse Specialist (CNS), Certified Registered Nurse Anesthetist (CNRA), and Certified Nurse Practitioner (CNP). Certified Nurse Practitioner has replaced the term Advanced Nurse Practitioner (ANP). These four licenses are considered equal in educational requirements so there is not a hierarchy for this group. Since they are considered equal, the nurses that have more than one APN license will be counted in the analysis for each license that they have.

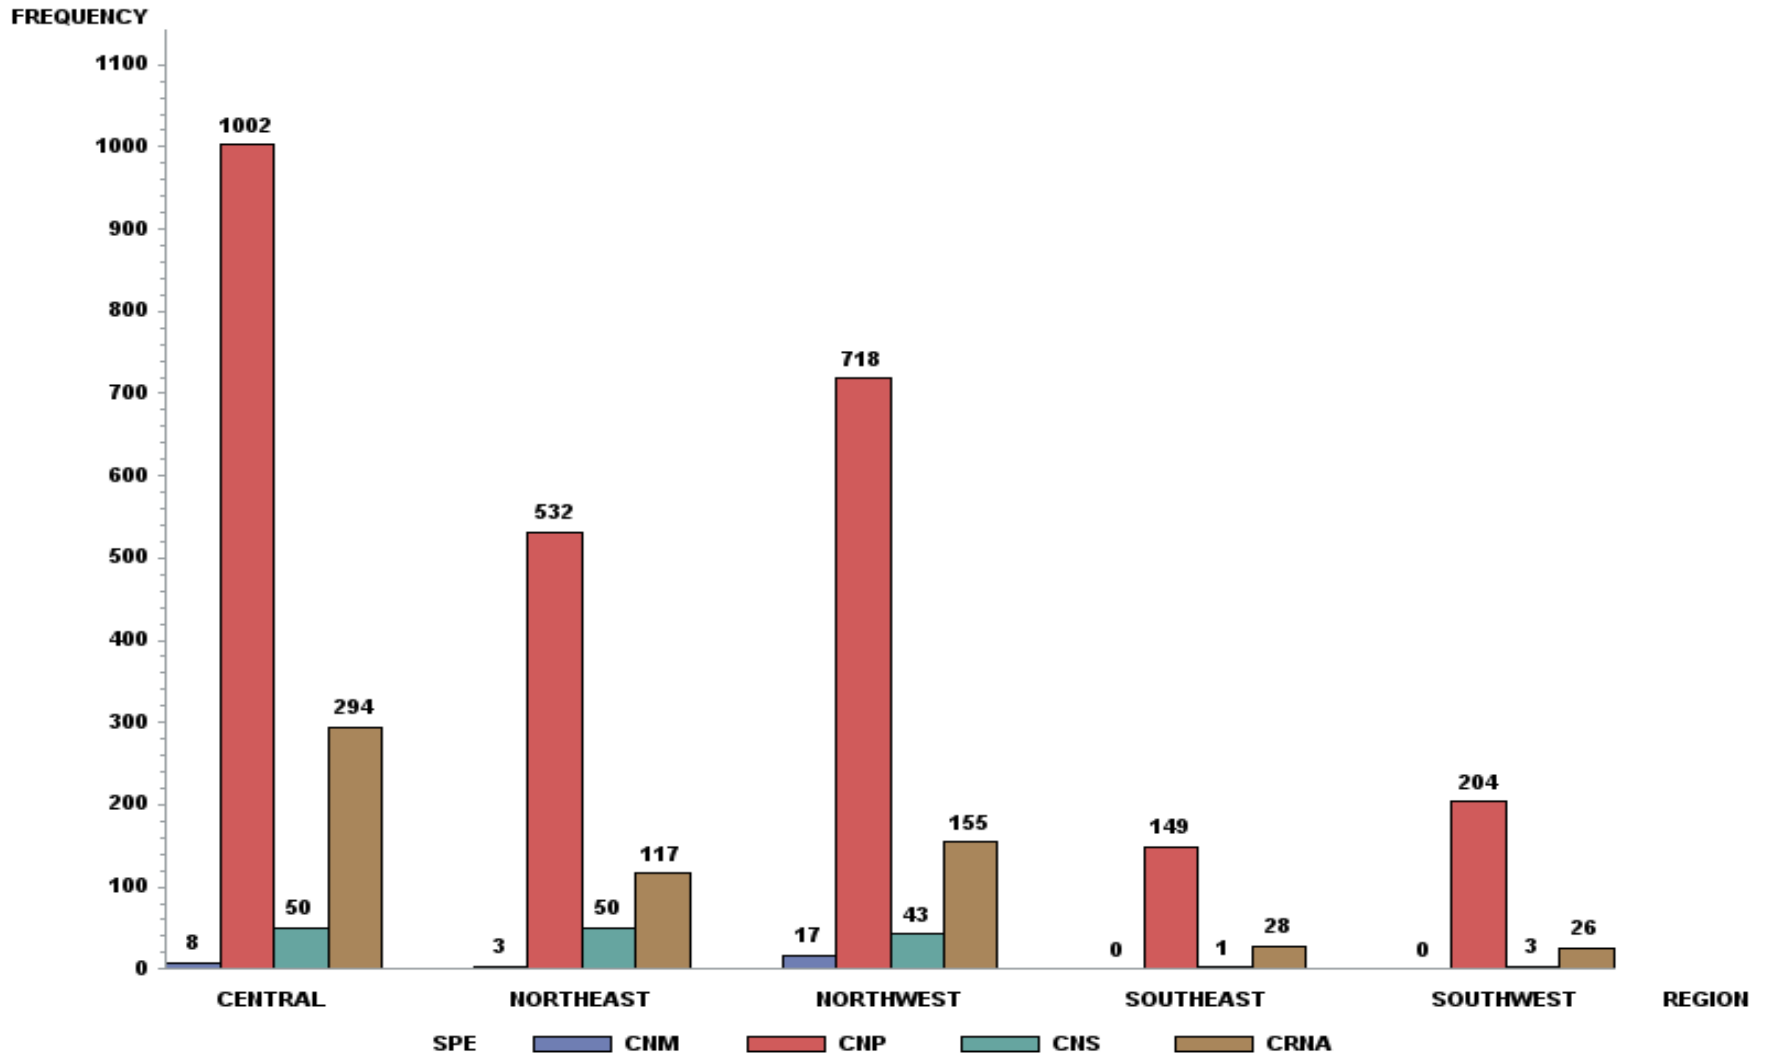

There are 3,384 Advanced Practice Nurses with a total of 3,400 licenses. This total includes 2,605 Certified Nurse Practitioners (CNP), 28 Certified Nurse Midwives (CNM), 147 Clinical Nurse Specialists (CNS), and 620 Certified Registered Nurse Anesthetists (CRNA).

Social Workers in Arkansas

In 2017, the Social Work Licensing Board licensed 2,953 social workers with mailing addresses in Arkansas, which is about 9.8 per 10,000 population. This total includes 394 social workers (LSW), 1,632 certified social workers (LCSW), and 812 master social workers (LMSW). In addition, the Social Worker Licensing Board issued 115 provisional licenses for social workers with mailing addresses in Arkansas (*Provisional license for social workers means: First-time applicants for LSW or LMSW licensure will be issued a provisional license upon approval of his or her application. A provisional license will be issued one time per person and expires exactly one-year from the date of issuance. Provisional licensing is prohibited at the LCSW level.*). This total includes 28 Provisional license social workers (PLSW), and 87 provisional license master social workers (PLMSW). At least one fully licensed social worker was licensed in each of the Arkansas counties except Calhoun, Cleveland, and Searcy.
