

ARKANSAS DEPARTMENT OF HEALTH OFFICE OF FAITH-BASED OUTREACH

Empowering communities of faith to take an active role in their health.

ABOUT US

The Office of Faith-based Outreach believes that maximizing health opportunities is a priority in communities of faith and fosters positive relationships through collaborations.

We respect the diverse faith traditions and beliefs of the communities we serve, which leads to innovative strategies, ensures that efforts are culturally responsive, and that communities of faith are equipped with relevant resources and opportunities that support their health and wellness needs.

OUR OUTREACH

- We support the mission of the ADH by increasing accessibility to health and wellness resources and opportunities
- We promote collaboration and work alongside places of worship to identify, develop, and implement strategies that address specific health and wellness needs
- We partner with community organizations and agencies to leverage and expand resources
- We conduct platforms that stimulate conversations on topics and issues facing communities of faith
- We promote our monthly outreach newsletter that contains health and wellness content, opportunities, project announcements, tips, and current activities
- We welcome and evaluate feedback to ensure that the needs of communities of faith are met
- We utilize faith-based outreach liaisons to strengthen connections in communities of faith
