

STI Surveillance Report Arkansas, 2017

Arkansas Department of Health
Keeping Your Hometown Healthy

This issue of the Sexually Transmitted Infections (STI) Surveillance Report is produced by the Arkansas Department of Health, Infectious Disease Branch.

Data presented are for Chlamydia, Gonorrhea, and Syphilis infections among Arkansas residents reported to the STI Surveillance Program as of December 31, 2017.

DISCLAIMER:

On January 1, 2015, the Arkansas STI Surveillance Program began the use of PRISM (Patient Reporting Investigating Surveillance Manager), its new data management system for tracking sexually transmitted infections. As a result of this change, there may be differences in the numbers of cases reported in previous issues of this document.

The Arkansas STI Surveillance Report can be obtained from the internet at:

<https://www.healthy.arkansas.gov/programs-services/topics/hiv-aids-sti-surveillance>

Information on how to report cases of HIV and STI may be obtained by contacting your local health department or regional health office or by calling (501) 661-2887.

Table of Contents

Chlamydia	4
Cases by Gender, Race/Ethnicity and Age	4
Cases by Public Health Region	5
Cases by County of Residence	6
Gonorrhea	8
Cases by Gender, Race/Ethnicity and Age	8
Cases by Public Health Region	9
Cases by County of Residence	10
Primary and Secondary Syphilis	12
Cases by Gender, Race/Ethnicity and Age	12
Cases by Public Health Region	13
Cases by County of Residence	14
Early Latent Syphilis	16
Cases by Gender, Race/Ethnicity and Age	16
Cases by Public Health Region	17
Cases by County of Residence	18
Primary and Secondary Syphilis Co-morbidity	20
Cases by Disease, Gender, Race/Ethnicity and Age	20

**Chlamydia Cases by Gender, Race/Ethnicity & Age Group
Arkansas, 2016 & 2017**

Gender	Jan-Dec 2016			Jan-Dec 2017		
	Number	Percent	Rate ⁺	Number	Percent	Rate ⁺⁺
